

Polopop, Funky Feet

Your smooth moving it catches my eye
Got a good feeling you're my kind of guy
So, get your funky feet over to me

I watch your body it's undulating
To the beat of the music forever pulsating
So, get your funky feet over to me
Get your funky feet on over to me

Move those shoes
Groove to the rhythm of the music you're hearing
Shake yourself loose
Snake into the beat that I'm wearing

I can tell that we were made to be together

You look over and catch and my eye
I feel a thrill of excitement
A rapturous high
Get your funky feet over to me
I feel the music from my hair to down my toes
The beat of the music is pulling me closer to you

Get your funky feet over to me
Get your funky feet on over to me
