

# Polski Ogien, What's ya flava

tell me what's ya flava?

tell me what's ya flava?

tell me what's ya flava?

chorus:

tell me darling what's ya flava

cause you act like a stranger

but I could be the only one for you

tell me if you want to touch me

or even try to kiss me

cause that is what I also want to do

1.

first time I met you bwoy

I could see it in your eyes

You felt something that you couldn't help

but you thought it wasn't right

then you started to understand

that I am one of a kind

now that you with me you feel

pure joy and love so devine

chorus

2.

yes I know that it can be hard

to get along day by day

there are times when I kick you out

times when I beg you to stay

very easy to fall in love

very hard to live together

please take me as I am

I would love you now and for ever

bridge:

I wonder if you'd be my soldier

(what's ya flava)

I truely love you as I told ya

(what's ya flava)

You know that we belong together

(what's ya flava)

so darling please change your behaviour
