

Polskie Znaki, Oh Angel (feat. Mark Lanegan)

Oh, guardian angel, my beloved keeper
Oh, guardian angel, my beloved keeper
Where would thy lead me when I cross the reaper
Where would thy lead me when I cross the reaper

Nor do I know, neither can I guess
Nor do I know, neither can I guess

What time thy will escort me on my way
What time thy will escort me on my way

When will thy put me in the purgatory
When will thy put me in the purgatory

My guardian angel petrified with horror
My guardian angel petrified with horror

Many of burden did I have to carry
Many of burden did I have to carry

Now the cleansing fire is my greatest worry
Now the cleansing fire is my greatest worry

Dear guardian angel, mercy have upon me
Dear guardian angel, mercy have upon me

Spare me the sentence of the purgatory
Spare me the sentence of the purgatory

Now God has punished my most sinful flesh
Now God has punished my most sinful flesh

Which my whole life time never did repent
Which my whole life time never did repent
