

# Pomeranz David, King And Queen Of Hearts

We're the king and queen of hearts  
Hold me when the music starts  
All my dreams come true  
When I dance with you.  
Promise me you're mine tonight  
I've been waitin' lyin' tonight  
While the lights are right  
I'll never let you go.

Chorus:

(Hoh) Did I dream that we danced forever  
In a wish that we made together  
On a night that I prayed would never end (end)  
You know it's not my imagination  
Or a part of the orchestration  
Love was here at the culmination  
I'm the king and you're the queen of hearts.  
Time will pass and tears will fall  
But someday we'll both recall  
Moments made of this  
Golden memories  
(Repeat Chorus except last two words)  
In a once and future dream  
Where the dances never seem to start.  
(Repeat Chorus)
