hey baby, cut my hair

you got the comb (the comb)
the towel and the shears
you got my fave shampoo
it's called no more tears
no more tears

hey lady, do me a favor
lather me up and get out your razor
my cheeks are scratchy, they're so sexy
but i wanna be smooth like a baby
oh, oh pick up the pace
hey baby shave my face

you got the comb (the comb)
the towel (the towel)
the shears (the shears)
you got my fave shampoo
no more tears
no more tears
