

Poolside, Slow Down

STOP!

don't move so fast
slow down
let this feeling last
relax
it's alright
the star let it guide
us through the night

STOP!

don't move so fast
slow down
let this feeling last
relax
it's alright
the star let it
guide us through

The night STOP!

don't move so fast
slow down
let this feeling last
relax it's alright
the star let it
guide us through
the night STOP!

Don't move so fast

slow down
let this feeling last
relax it's alright
the star let it
guide us through the night
Don't slow it down
going fast, slow it down
