

Pop!, Heaven And Earth (Correct)

It hurts when you look at me that way
It scares me to hear the things you say
Cuz God only knows what I would do
If I had to live life without you

I see the sadness in your eyes
And I know we should have spent more time
Coz god only knows i'd be a fool yes I would
To think there'd be someone else like you

So i'm here to say how I feel right now

CHORUS

I'd move heaven and earth for you
What ever you ask me to
Baby Believe me your like the air i breath

I'd be no one without your love
And the world wouldn't be that much
Can't you see your everything to me
Your everything to me

I know that sometimes feelings change
But here in my heart i'm still the same
Cuz God only knows my love is true, yes its true
And I wanna share my life with you

So i'm here to say how I feel right now

CHORUS

Just like the air i breathe
I need you here with me
Don't make me feel this way

You are the song I sing
Your love is everything
Promise you'll always stay

CHORUS
