

Pop Will Eat Itself, R.S.V.P.

[CHORUS:]

(No relation) Get Up, Get Out! (x3)

Go! Go! Go! Go!

(No relation) Get Up, Get Out! (x3)

Are you in or out, or in or out?

That way someday you may want to go

Fools pray that way, you can lay low

Easy cop out, stay in and take-out

You'll get snowed in, I got no time

Big G, Little G, he don't wanna go

Out that way - a lame and tame show

If G Squad want me, they're going to have to say so

You may want me, but I don't want know

R.S.V.P! (x2)

(No relation) Get Up, Get Out! (x3)

Are you in or out, or in or out?

Say G, you've been acting like a brother (like a brother)

No way, man, you ain't nothing but a 'mutha

Huh! Another 'nother 'mutha

The shine of your shoes ain't nothing new

But if you lose the clues then I guess you're through

Cut down like a vegetable

By a hard kickin' mutha who's an animal

(No relation) Get Up, Get Out! (x3)

Are you in or out, or in or out?

Big G's happy, took another bite

Little G's angry, spoiling for a fight

His roots got ripped out, Little G flipped out

Shaking like a shitting dog, he couldn't work it out

Little G, Big G, R.S.V.P, I'm throwing at your window

Can you see me, hear me?

G's Squad want me, they're going to have to say so

You want me, but I don't want know

You can be what you wanted to be. (x6)

[CHORUS]

R.S.V.P. (x8)

Your invitation!
