

Popsicle, Not Forever

Still can't believe some of
The things I never told
I hardly touch the phone
I don't know who to call
You're my relief and you're
The one who makes me cry
I'm trying to figure out
Some way
To get on by

Cause I can change I'm not the same
Not forever
What can I say I'm not OK
I wish I was
I want you back I want a time
I can remember
It's as simple as I say
I can change I'm not the same
Not forever

So I got out at nights
Take walks down easy street
So talkative
No matter who I see
I wake up shaking
Not alone but on my own
I need some other guide
To help
Me get back home

Cause I can....

You want this part of me
The songlines in your mind
That's who I'm trying to be
And that's what you will find
If you just let me in take me back
Closer than we ever were
I promise it's for real

Cause I can...

I have changed I'm not the same
Not forever
What can I say I'd be OK
And so would you
If you came back if you were here
You would remember
It's as simple as I say
I can change I'm not the same
It's as simple as I say
I can change I'm not the same
