Popsicle, Not Forever

Still can't believe some of The things I never told I hardly touch the phone I don't know who to call You're my relief and you're The one who makes me cry I'm trying to figure out Some way To get on by

Cause I can change I'm not the same Not forever What can I say I'm not OK I wish I was I want you back I want a time I can remember It's as simple as I say I can change I'm not the same Not forever

So I got out at nights Take walks down easy street So talkative No matter who I see I wake up shaking Not alone but on my own I need some other guide To help Me get back home

Cause I can....

You want this part of me The songlines in your mind That's who I'm trying to be And that's what you will find If you just let me in take me back Closer than we ever were I promise it's for real

Cause I can...

I have changed I'm not the same Not forever What can I say I'd be OK And so would you If you came back if you were here You would remember It's as simple as I say I can change I'm not the same It's as simple as I say I can change I'm not the same
