

# Popsie, Year 2000

Goodbye 1999, year 2000 future mine  
Turn your wrongs into rights, we all know there's hope in sight  
Hope the future only brings delight, lovin' and happy things  
Party here at the lawn, come on dance till the crack of dawn

(Chorus)  
Year 2000, we celebrate  
Year 2000, it's gonna be great  
Year 2000, we welcome a new century  
For you and for me

Turn the music up load, go crazy with the crowd  
Go wild and dance with your friends, hope this party never ends  
Don't waste this only chance, move your body into trance  
Make some noise with your voice, come on people let us now rejoice

(Chorus)  
Year 2000, we celebrate  
Year 2000, it's gonna be great  
Year 2000, we welcome a new century  
For you and for me

Fireworks high up in the sky, a magical picture meets the eye  
No doubt the time is running out, the final countdown shout it out

(Chorus)  
Year 2000, we celebrate  
Year 2000, it's gonna be great  
Year 2000, we welcome a new century  
For you and for me
