

# Pornophonique, I Want To Be A Machine

deep, deep down  
deep down inside  
theres an error in my mind  
i need, need one  
i need someone to control the things inside  
oh, operator, i need an exit  
oh, operator get me out of here  
cant you see?  
i dont want to be  
i dont wanna be controlled by fear  
i want to be a machine  
checking all my systems on a 7-inch tft screen  
listen to me, listen to me, listen to me  
cant you see?  
that i wanna be  
i wanna, wanna be a machine
