

Porter, Girl

My sleeping beauty
I'm right beside you

Feeling your heart beat
I know you're my girl
They won't mistreat you
As long as I live
Wake up and tell me
What is what you dream
Even if you sleep
You are my only girl

Six months and you are still
My sleeping beauty
You don't talk
But you are a miracle
So peaceful like
A beautiful angel
You are my only love
