

Porter Kalan, My Sweet One

My sweet one there's a battle going on so strong
And I hope it doesn't take too long to get me back to you my one
My sweet one even superman can't save the sun
When your time has come
The day is done and we're back to where we both come from

Something's gotta give, something's gotta break away
Make a better way to feel for you
Something's gotta fly when you need to love

When you need your love, little lover

My sweet one all we are is just the light upon
A world a trillion miles away too long
To get me back to you my lady
Bittersweet one
