

Porter Wagoner, Dig That Crazy Moon

I met a gal one night in town man she really knocked me down
Her hair was red her eyes were blue her talk was crazy through and through
Dig that crazy moon my love dig that crazy sky
Dig the stars that shine above cause you're my sweetie pie
We're gonna dig dig dig that crazy moon
Tonight's the night we're gonna cuddle and spoon
We're gonna dine and dance and then romance
Might even get hitched if we get a chance we're gonna dig dig dig that crazy moon
[steel - fiddle]
We went down the honky tonk to have a little fling
But everytime we start to kiss well she began to sing
We're gonna dig dig...
[piano]
We're gonna dig dig...
