

Porter Wagoner, I Couldn't Care Less

I couldn't care less couldn't care less

That's what I'll say when they ask me about you

Try to hold on too proud but they know I lie when I say I couldn't care less for you

There was a time when in your heart you loved me I knew it anyone could plainly see

But someone new came by that you love better just can admit I'm left with memories

I couldn't care less...
