

# Porter Wagoner, If I Could Only Start Over

Now if I could only start over and have a new life to begin  
Oh I wouldn't live like a rover and drift like a leaf in the wind  
Cause I'm dreaming tonight of old sweethearts and believe me I've had quite a few  
But I never dreamed of old sweethearts the way that I dream about you  
[ fiddle - el.banjo ]  
Yes I let you slip through my fingers while foolishly searching around  
But if I could only start over I know you could settle me down  
Cause I'm dreaming tonight...  
But I never dreamed of old sweethearts the way that I dream about you
