

# Porter Wagoner, Love's Melody

Your love gave me a sweet sweet melody that my heart keeps singing everyday  
Just like ten thousand violins playing love's sweet song again  
Yes your love gave me a sweet sweet melody  
When you touch my hand or speak my name the melody starts playing right then  
And as love's angels sing your melody again the one you gave to me love's melody  
( fiddle )  
When you touch my hand...
