

# Porter Wagoner, My Special Prayer Request

A little girl stood up in church in a worn and faded dress  
She made her way up to the front to make a special prayer request  
She said pray for God to help my mama cause she can't help herself  
Preacher pray for mama that's my special prayer request  
Mama started drinking when daddy left our home  
She just gave up didn't seem to care and everything went wrong  
Our friends have all stopped coming by and we are so alone  
Pray to God we'll heal her broken heart and make my mama strong  
She used to be so pretty and wear such pretty clothes  
She took us to church on Sunday and she loved us so  
Mama was so happy then she always seemed so gay  
But everything changed for mama when my daddy went away  
There's God up in heaven who deals and answers prayers  
I'd like to ask all you good people while you gather here  
Pray for God to help my mama cause she can't help herself
