

Porter Wagoner, Pay Day

Tomorrow be payday tomorrow be payday
It's gonna be payday in Lowcane gonna take my money to town
I worked like a donkey climbed trees like a monkey
It's gonna be payday in Lowcane gonna chase all women around
Eat black eyed peas and fried banana smoke big cigar from Havana
I'll be king of Louisiana son of a gun
I'll find me a sweet little honey we'll make love till it ain't funny
Have big time till all of my money's gone
Tomorrow be payday tomorrow be payday
It's gonna be payday in Lowcane gonna take my money to town
Gonna chase all women around
(guitar)
Eat black eyed peas...
Gonna take my money to town gonna chase all women around
