

Porter Wagoner, Satan's River

Satan's got river (Satan's got river deep and wide) so deep and wide
Satan's got a river and it's so deep and wide
And he's got folks a swimming (he's got folks a swimming) in the warm smooth tide
But some day Satan's river
(Yes some day Satan's river is gonna run dry) it's gonna run dry
What was once a smooth river hot lava will make the tide
Stay clear of Satan's river heaven's on either side
Big yachts are sailing Satan's river so smooth
Never stopping of thinking about God's golden rule
When the river starts to sinking they'll cry I've been a fool
Satan's got river deep and wide Satan's got river and it's so deep and wide
And he's got folks a swimming in the warm smooth tide
Satan's got river...
