

Porter Wagoner, Together Always

You and I have been together for a long long time
And we vowed that we would stay together always
Life at times has been unpleasant down the trails where fate had led us
But we pray that God will let us be together always
Together together together always you and me
Forever and ever together always you and me

(piano)

Throught the years our love will multiply and be divided
By the children added to enrich our lives
God's been good to you and I and in heaven there's eternal life
Beyond this world where you and I will be together always
Together together...
Together together...
