

Porter Wagoner, Way He Said Your Name

Just today I met a stranger I met a man in misery
He asked about you oh my darling
And the way he said your name chilled the heart inside of me
Pardon me sir said the stranger I love her so oh how is she
Surely you could hear him darling
And the way he said your name shook this heart inside of me
Guilty shame I felt inside me for the wrong I'd plan to do
For had it not been for that stranger
And the way he said your name I would have cheated tonight on you
