

# Possessed, Death Metal

Arise from the dead and attack from the grave  
The killing won't stop until first light  
We'll bring you to hell because we want to enslave  
Soul will be frozen with fright  
We'll break through the crust, leave from our crypts  
Protected by eternal life  
Lay down the laws from our satanic scripts  
Bringing you nothing but strife

Death metal!

Ruling your cities, controlling your towns  
Entrapped in your worst nightmare  
Piercing your ears with the horrible sound  
Casting my elusive stare  
Lucifer laughs, his needs are fulfilled  
The Flames are now burning hot  
Bodies are burning, the people are killed  
Torture the reason we fought

Death Metal!

Kill Them Pigs!

Now we take over and rule by death metal  
Enjoy our long wanted reign  
Blood's what we want and we won't settle  
Until we drive you insane  
Attacking the young and killing the old  
Bleeding with every heart beat  
Darkness has feelen and your soul is sold  
Claws will dig into your meat  
When the sun doesn't rise and the day is like night  
Know that your life is at its end  
Rendered helpless so scream out fright  
Death metal came in the wind

Death metal!
