

# Post Malone, Better Now

you probably think that you are better now, better now  
you only say that cause I'm not around, not around  
you know I never meant to let you down, let you down  
woulda gave you anything, wolda gave you everything  
you know I say that I'm better now, better now  
I only say that cause you're not around, not around  
you know I never meant to let you down, let you down  
you know I never meant you let you down. let you down  
woulda gave you anything, wolda gave you everything

I did not believe that I would end, no  
everything came second to the Benzo  
you're not even speaking to my friends no  
you know all my uncles and my aunts though  
20 candles blow 'em and open your eyes  
we were looking forward to thw rest of our lives  
used to keep my picture posed by you bestside  
now it's in your dresser with the socks you don't like  
and I'm rollin ' /4x  
with my brothers like it's Jonas, Jonas  
Drinking Henny and I'm tryna forget  
But I can't get this shit out of my head

you probably think that you are better now, better now  
you only say that cause I'm not around, not around  
you know I never meant to let you down, let you down  
woulda gave you anything, wolda gave you everything  
you know I say that I'm better now, better now  
I only say that cause you're not around, not around  
you know I never meant to let you down, let you down  
you know I never meant you let you down. let you down  
woulda gave you anything, wolda gave you everything

I see you with your other dude  
he seemed like he was pretty cool  
I was so broken over you  
lifeit goes on, what can we do?  
I just wander what's gonna take  
another foreign or bigger chain  
because no mater how my life has changed  
I keep on looking back on better days

you probably think that you are better now, better now  
you only say that cause I'm not around, not around  
you know I never meant to let you down, let you down  
woulda gave you anything, wolda gave you everything  
you know I say that I'm better now, better now  
I only say that cause you're not around, not around  
you know I never meant to let you down, let you down  
you know I never meant you let you down. let you down  
woulda gave you anything, wolda gave you everything

I promise  
I swear to you I'll be ok.  
you're only the love of my life

you probably think that you are better now, better now  
you only say that cause I'm not around, not around  
you know I never meant to let you down, let you down  
woulda gave you anything, wolda gave you everything  
you know I say that I'm better now, better now  
I only say that cause you're not around, not around  
you know I never meant to let you down, let you down

you know I never meant you let you down. let you down  
woulda gave you anything, wolda gave you everything
