

# Post Malone, Waiting For A Miracle

Oh my God  
Just take the firearm from me  
Holy fuck  
I understand that I'm too weak

Oh my God  
Just shut me up for heaven's sake  
So I load one round  
I'm scared to die while I'm awake

So I close my eyes  
And wait for a miracle

And everything done for the dead after they're dead is for the living  
And everything done while they're dead, goddammit, that's our decision  
I kept my eyes closed, it was easy, now I see it with perfect vision  
And everything done for the dead after they're dead is for the living

Fuck me up  
Fuck it, get fucked up, hey  
Fuck me up, hey  
And stay fucked up
