

# Povertyneck Hillbillies, Coming To See You

Sitting in the drivers seat  
My petal to the floor  
Waiting for the moment 'til you open up your door  
This diesel can't handle the emotions that I feel  
Fightin' this traffic, I'm ready to kill  
With anybody in my way  
So turn your porch light on  
Cause you're mine, all mine

I'm coming to see you  
I'm coming to see you  
I'm on the road and ready  
I'm coming to see you  
I'm coming to see you  
The faster I go  
The closer I am to you

I gave the man a dollar  
At the turnpike toll  
I had a smile on my face  
Nobody could've stole  
Thinking of you as I pass the cars  
Being with you is not that far  
I'm gonna go crazy if you're not in my arms  
Now I'm on my way

I'm coming to see you  
I'm coming to see you  
I'm on the road and ready  
I'm coming to see you  
I'm coming to see you  
The faster I go  
The closer I am to you

The thrill of your smile  
Your long dark hair  
When it comes to my girl  
There's no time to spare

I'm coming to see you  
I'm coming to see you  
I'm on the road and ready  
I'm coming to see you  
I'm coming to see you  
The faster I go  
The closer I am to you

I'm coming to see you  
I'm coming to see you  
I'm on the road and ready  
I'm coming to see you  
I'm coming to see you  
The faster I go  
The closer I am to you

I'm coming to see you  
I'm coming to see you  
I'm on the road and ready  
I'm coming to see you  
I'm coming to see you  
The faster I go  
The closer I am to you
