

# Povertyneck Hillbillies, This Love In My Heart

Well girl you've been all around this world  
Fancy diamonds, strings of pearls  
You've had everything that money could buy  
But you've never had me in your life

Let me tell you like it is girl  
Well I know that this love in my heart is true  
Every heart beat is beating for you  
I know that this love in my heart is real  
Well I can't help it its the way that I feel  
About this love in my heart

Well now that I've got your attention  
Are you gonna make me beg you to stay  
Don't toy with this boys affection  
I can't help it, don't know any other way

Let me tell you like it is girl  
Well I know that this love in my heart is true  
Every heart beat is beating for you  
I know that this love in my heart is real  
Well I can't help it its the way that I feel  
About this love in my heart

Woah girl we can stay here all night  
So how can we argue with something so right  
Like this love, like this love in my heart

Well I know that this love in my heart is true  
Every heart beat is beating for you  
I know that this love in my heart is real  
Well I can't help it its the way that I feel  
About this love in my heart

We can stay here all night  
(I know this love)  
This love its so right  
Well take it from me  
(I know this love)  
Well girl  
Well take it from me  
(I know this love)
