

# Povi, Hiroshima Sweet Eyes

??? your skin wings  
Closness warms everything  
This love you fee me  
Liberation  
Shadows on the warm black wands  
Haunted my heart  
Loving you  
Loving you with the flames of this love  
This closness warms everything

Hiroshima sweet eyes  
All this devastation caught me by suprise  
Hiroshima sweet eyes  
Your red love rebuilds mine  
Your red love rebuilds mine  
Your red love rebuilds mine

Fathoms dig divinty  
Angelic prayers of sweet belief  
Now you move now you move now you move  
With the wings of my heart  
This closeness sanctifies everything

Hiroshima sweet eyes  
Hiroshima sweet eyes  
Hiroshima sweet eyes  
Your red love rebuilds mine  
Your red love rebuilds mine

With the wings of my love  
Hiroshima sweet eyes  
All this devastation caught me by suprise  
Hiroshima sweet eyes  
Your red love rebuilds mine  
Your red love rebuilds mine  
Your red love rebuilds mine
