

Pow Wow, Dreaming

Lyrics to Dreaming:
(A. Chenneviere/B. Pierre/P. Periz/A. Mouici)

It feels just like a dream
And I know just what you mean
You feel jsut like a queen
A queen still in her teens

But if the flowers are gone for so long
Nothing can keep you from singing this song

Those where the flower days
When everybody loved you
Those where your glory days
And skies were oh so blue

But if the flowers are gone for so long
Nothing can keep you from singing this song

Dream, I just wanna hold on to my dream
There's no other way out I believe
Sail across the ocean of my fear
Gotta make it real in my heart

It feels just like a dream
And I know just what you mean
You feel jsut like a queen
A queen still in her teens

But if the flowers are gone for so long
Nothing can keep you from singing this song

Dream, I just wanna hold on to my dream
There's no other way out I believe
Sail across the ocean of my fear
Gotta make it real in my heart

There's no clouds on my soul
(There'll be no dark clouds)
No rain will fall when I cry
(And you won't cry)
Gotta make it real in my heart
