

Powderburn, Painsdriver

You forgot what you said when you told me,
Lifes the reason why this weight is on me,
End up dead, one shot to the head,
Mother fucker just try and stop me,
From tearing it up so I can take your innocence,
Shattered dreams of a past makes no sense,
Mothers crying, governments lying, yeah man EVERYBODYS DYING!

(CHORUS)

Listen to me tell ya,
You can save yourself,
Listen to me tell ya,
Your worst enemy lies within yourself,

Work all day just to pull down chump change,
Cant wait till you buy more cocaine,
Now youre dead, fucked in the head motherfucker,
WATCH YOU WASTE AWAY!
Life is so unfair, I dont even care,
People stop and stare, I DONT EVEN CARE!

(REPEAT CHORUS)

WHY CANT YOU SEE WHAT YOURE DOIN TO ME,
WHY CANT YOU SEE WHAT YOURE DOIN TO ME,
Life is so unfair, I dont even care,
People stop and stare, I DONT EVEN CARE!!
