

Powerful T, Fly To Me Baby

"Dancing on fire
Dancing on fire
Dancing on fire
Getting desire
Getting desire"

Dancing on fire
Getting desire
Stay close to my heart
I'm not a liar
I'll take you higher
Fly to me baby

I just wanna take you away
All the time... you got mine... listen to me now
Keep me turning on with your fire
Beware... I'm your wind

Fly to me baby
Making me crazy
I will come easy today
Fly to me baby
Rising up my lady
Up to the stars
Fly to me right that way

Gimme your fire
Crazy desire
You'll be my angel
I got the power
Feel it, my power
You gotta scream now

I just wanna take you away
All the time... you got mine... listen to me now
Keep me turning on with your fire
Beware... I'm your wind

Fly to me baby
Making me crazy
I will come easy today
Fly to me baby
Rising up my lady
Up to the stars
Fly to me right that way

"Dancing on fire
Dancing on fire
Dancing on fire
Dancing on fire
Getting desire
Getting desire"

All the time... you got mine... listen to me now
Keep me turning on with your fire
Beware... I'm your wind

Fly to me baby
Making me crazy
I will come easy today
Fly to me baby
Rising up my lady
Up to the stars
Fly to me right that way
