

Powerful T, I Feel Wild Tonight

All the night
I got a feeling deep inside my heart
Gotta believe it
Everyday
I try to be powerful
Ain't too easy

Baby dreaming
You're gonna feel my fire
I just to want to say
Give me honey
Come, take it easy
I will take you higher

Call me I feel wild tonight
I will get you, my love, now
Living in a wild life
I've seen the paradise into my dream
Like an emotion I...
I wanna be your star tonight
Your body knows me

I feel wild
Do you remember when I call your name
How do you feel babe
It's your time
Now or never you'll be mine
It's so easy

Baby dreaming
You're gonna feel my fire
I just to want to say
Give me honey
Come, take it easy
I will take you higher

Call me I feel wild tonight
I will get you, my love, now
Living in a wild life
I've seen the paradise into my dream
Like an emotion I...
I wanna be your star tonight
Your body knows me

I will take you higher
Call me I feel wild tonight
I will get you, my love, now
Living in a wild life
I've seen the paradise into my dream
Like an emotion I...
I wanna be your star tonight
Your body knows me
