

Powerman 5000, Megatronic

Don't you know
What I've got you always got
Can see right through you
Through the lies and through the trouble
Tricks and check what you are doing
When you're crying in the corner over there you seem pathetic
Yeah now drop this mega bombshell
Cause believe you won't forget it

Don't you know
I am
The Megatronic
Don't you know
I am the one

Don't you know
I am
The Megatronic
Don't you know
I am the one

Don't you know
How I stand up
You're brainless, if you've got one
Wasting it they're here to take us
Now I'm louder than a shotgun
Load it down and don't give up
And put some plastic, steel, and wire
When I rock, I rock the planets
Maybe later I'll retire

Don't you know
I am
The Megatronic
Don't you know
I am the one

Don't you know
I am
The Megatronic
Don't you know
I am the one

Let it go and let it fly
And let it bust into the new world
Let it live or let it die
A message sent it was so wacky
Almost gone and almost gone
And if it's gone it's gone forever
And they're trooping with their training
Because no one does it better

Don't you know
I am
The Megatronic
Don't you know
I am the one

Don't you know
I am
The Megatronic
Don't you know
I am the one (one, one, one)

Don't you know
I am
The Megatronic
Don't you know
I am the one

Don't you know
I am
The Megatronic
Don't you know
I am the one (one, one, one)
