

# Powerman 5000, Operate, Annihilate

I wanna be everybody, I wish that I wasn't me  
I was dropped from out of sight  
I always land on my feet  
I was bit by the bug, grew 47 feet tall  
I wasn't who I thought I was  
Wasn't anything at all

I wanna be everybody, I wish that I wasn't me  
I'm the bones of the dead - Superhero-trustee  
Now seven minutes have passed and everybody got blasted  
Operate, annihilate and everything is alright

Chorus:  
Operate, annihilate  
Operate, annihilate  
What you got, you got too late  
Cause everybody's gone

I wanna be everybody, I wish that I wasn't me  
The point furthest from is from a point of view less likely  
You were the king of the moon, now you just lie in the dirt  
Where's the fist of fury now - Everybody gets hurt  
I wanna be everybody, I wish that I wasn't me  
The real truth is in the head of truth is insanity  
Not seven minutes have passed and everybody got blasted  
Operate, annihilate and everything is alright

Operate, annihilate  
Operate, annihilate  
What you got, you got too late  
Cause everybody's gone
