

Powerman 5000, Operate annihilate

Want to be everybody
Wish that I wasn't me
Was dropped from out of sight
Always land on my feet
Was bit by the bug
Grew 47 feet tall
Wasn't who i thought i was
Wasn't anything at all
I want to be everybody
I wish that i wasn't me
I'm the bones of the dead
Superhero trustee
Not seven minutes have passed
And eveybody got blasted
Operate, annihilate
What you got, you got too late
Cause everybody's gone
I want to be everybody
I wish that i wasn't me
The point furthest from me is from a point of view
Less likely you were the king of the moon
Now you just lie in the dirt
Where is the fist of fury
Now eveybody gets hurt
I want to be everybody
I wish that I wasn't me
The real truth is in the head of truth is insanity
