

Powerspace, Be Aggressive

One, two, three
Are you feeling me?
It's getting late and it's hard to see
I've got some problems
But not enough to stop me

Cause I can't stop, I can't stop
I won't stop, won't stop
Can't stop until I know for sure
This night ends with me and you

(Be, be aggressive, be, be aggressive)
Be, be aggressive
B-e, be aggressive
You never know just who you're up against, so
B-e, b-e aggressive
B-e, b-e aggressive

Yeah, are you reading me?
Is it obvious what I'm trying to say?
Cause I want you bad
And you know I got it

Oh, I can't stop, I can't stop
I won't stop, won't stop
Can't stop until I know for sure
This night ends with me and you

Be, be aggressive
B-e, be aggressive
You never know just who you're up against, so
B-e, b-e aggressive
B-e, b-e aggressive
Cause you know you can't stop the thunder

Oh, I can feel the tension rising
But you know we've got it good
Who would have guessed
That tonight we'd take over the world?

B-e, be aggressive
B-e, be aggressive
You never know just who you're up against, so
B-e, b-e aggressive
B-e, b-e aggressive
Cause you know you can't stop the thunder
