It's a fire in the sky
Lead us to our destiny
We will fight and never die
True heroes of steel

Warriors of all the worlds
United we stand
Warriors of all the worlds
United we stand

We will fight the evil ones
Steal the daughters of the gods
Fight under the battle sky
For all that is true

Warriors of all the worlds
United we stand
Warriors of all the worlds
United we stand

Beneath this battlesky
We will fight and never die
With the power of the powersword
Lead us to victory
Flying in the battlesky
On our valiant steeds
Holding aloft our powerswords
Of mighty dragonsteel
