Powerwolf, Behind The Leathermask

Heavy Metal in the night Deadly soldiers came to eat you alive Final battle for the wild Mental warfare of the scorpion tribe Blood invasion - Out to fight In a circle - We're the servants of light Stay - Better start to pray Killing me today Feel the war inside yourself And burn them all away Leather hides my face Blood is on my trace Until the end of days Behind the leathermask Behind the leathermask Savage union - Strong and wild Wolves of darkness We're the murderous five Fire warning in the night Cities burning Killed by serpents of might Stay - Better start to pray Killing me today Feel the war inside yourself And burn them all away Leather for the night Prophecies of might Dying side by side Here comes the leather... Here comes the leathermask
