

# Powerwolf, Vampires Don't Die

Out in the night, the masters of fright  
Pray for our souls are undead

Bodies to feed, your blood's what we need  
We come when you're lying in bed

You can't destroy us, can't blind us with light  
Cursed by desire to follow the might

You can't escape us, so don't even try  
Cause there's one thing you just can't deny

Vampires don't die - Ohhhh  
Vampires don't die - Ohhhh  
Vampires don't die  
Vampires don't die - Ohhhh  
Vampires don't die - Ohhhh  
Vampires don't die

Time for the beast, all hell is unleashed  
Cry when we drink of your wine

No drop remains, we open your veins  
We leave when the sun starts to shine

You can't erase us, can't move when we bite  
Don't dare to fool us, we know if you lie

You can't escape us, we're able to fly  
But there's one thing you just can't deny

Vampires don't die - Ohhhh  
Vampires don't die - Ohhhh  
Vampires don't die  
Vampires don't die - Ohhhh  
Vampires don't die - Ohhhh  
Vampires don't die

Vampires don't die

Vampires don't die

We don't die

You can't erase us, can't move when we bite  
Don't dare to fool us, we know if you lie

You can't escape us, we're able to fly  
But there's one thing you just can't deny

Vampires don't die - Ohhhh  
Vampires don't die - Ohhhh  
Vampires don't die  
Vampires don't die - Ohhhh  
Vampires don't die - Ohhhh  
Vampires don't die  
Vampires don't die
