

Powhart, Morning Sun

Keep on holding me till tommorow will come
Heat me up with your body,
Grab my hand and never drop that, goodnight and
See you in the morning sun,
See you in the sun, sun
See you in the morning sun
See you in the sun, sun
/2x

See you in the sun, sun /4x

Keep on holding me till tommorow will come
Heat me up with your body,
Grab my hand and never drop that, goodnight and
See you in the morning sun,
See you in the sun, sun
See you in the morning sun
See you in the sun, sun
