

Precious, Ain't it funny

It seemed to be like the perfect thing for you and me
Its so ironic youre what I had pictured you to be
But there are facts in our lives
We can never change
Just tell me that you understand and you feel the same
This perfect romance that Ive created in my mind
Id live a thousand lives
Each one with you right by my side
But yet we find ourselves in a less than perfect circumstance
And so it seems like well never have the chance
Aint it funny how some feelings you just cant deny
And you cant move on even though you try
Aint it strange when your feeling things you shouldnt feel
Oh, I wish this could be real
Aint it funny how a moment could just change your life
And you dont want to face whats wrong or right
Aint it strange how fate can play a part
In the story of your heart
Sometimes I think that a true love can never be
I just believe that somehow it wasnt meant for me
Life can be cruel in a way that I cant explain
And I dont think that I could face it all again
I barely know you but somehow I know what youre about
A deeper love Ive found in you
And I no longer doubt
Youve touched my heart and it altered every plan Ive made
And now I feel that I dont have to be afraid
Aint it funny how some feelings you just cant deny
And you cant move on even though you try
Aint it strange when your feeling things you shouldnt feel
Oh, I wish this could be real
Aint it funny how a moment could just change your life
And you dont want to face whats wrong or right
Aint it strange how fate can play a part
In the story of your heart
I locked away my heart
But you just set it free
Emotions I felt
Held me back from what my life should be
I pushed you far away
And yet you stayed with me
I guess this means
That you and me were meant to be
