Preps Four, Got A Girl

Well I got a girl, what a girl I don't know what to do When she's with me It's plain to see There's someone else there too

I'm wondring my only scheme Was park with the other cars And when I did I could see She was happy as could be Her eyes were full of stars

There was Fabian, Avalon, Ricky Nelson Yeah, yeah, yeah, Bobby Rydell and I know darned well Presley's in there too

I asked her friend, her very best friend To plan some strategy So she'd forget her other pets And concentrate on me

This little gal said, listen pal Don't worry, she loves you I know she does with her big hugs My little gal is true

She's been to Fabian, Avalon, Ricky Nelson too Yeah, yeah, yeah, Bobby Rydell and I know darned well Presley's in there too

What a night in the moonlight I long to hold her tight I plan the days and everything I'd say The evening goes just right She said no one else will do Hold me, we're alone But as she spoke her locket broke And I guess I might have known

Inside was Fabian, Avalon, Ricky Nelson too Yeah, yeah, yeah, Bobby Rydell and I know darned well Presley's in there too
