

# Preshrunk, I

I live my life  
Square with my conscience  
Im not blind I see the world around  
Im not faultless Yes, Ive made mistakes  
All I want is to better myself  
Im not like you  
I respect the right of choice  
Im not like you  
Im not proud that Im different  
Im not like you  
I dont have all the answers  
Im not like you  
I dont feel better than anyone
