

# Preshrunk, The message is clear

Change advances evolution  
An important part of my existence  
that I cant live without  
I cant stay trapped in your maze  
stuck with no way out  
The message is clear  
- keep on changin  
Message is clear keep on changin  
Never stop, keep on rearranging  
Thats the way to live, to survive  
Dont get caught in a trap of patterns  
that bind for life  
The message is clear  
- keep on changin
