

Pressure Drop, Dont Run Away

(Words & music by Alstone - Kennedy)

Write to me from Naples

Tell me all that's new

I loved you in Naples

More than words can say

Call me cara mia

Tell me all that's new

Write to me from Naples

Keep my heart with you

I can hear a mandolino

Softly it cries

While I raise a glass of vino

Praising your eyes

Since we said a rivederci

My poor heart cries

Just for a letter from you

Write to me from Naples

Tell me all that's new

Write to me from Naples

Keep my heart with you

Please come back, come back to me
