

Pretenders, I Remember You

I remember you
I remember the first time we met
I may be a sentimental fool
Forever in your debt
For something I cannae forget
I remember you

I remember the first time we spoke
The sound of your voice like a lover's tongue
Got in my ear when I'd just begun
To wonder if springtime was through
I remember you

How do we change so easily?
You'll always be a part of me
I thought you'd never go
It shows you what I know

I remember the first time we slept
What a surprise to wake up to
Someone I hardly knew
From a sleep to a dream come true
I remember you
