

Pretty Maids, As Guilty As You

I see you hangin with another guy
See you livin out another lie
Then youre fadin vagely from my side
Into the night ooh ooh yeah
My adrenalin is burnin like wild fire
Knowin that we share the same desire oh
And you cheat on me girl Im just the same
And I wont live without if I can live within it
And so the story goes
This is my confession
My heart is split in two
The weakness of the flesh
Make us do the things we do
In the crime of passion
Im as guilty as you oh oh
You play me out you know I cant resist
You run the game I gladly run the risk ooh baby
Unfaithfully invade a strangers bed
Its a game that we play
Dont need a cover need no alibi
This is my confession
My heart is split in two
The weakness of the flesh
Make us do the things we do
In the crime of passion
Im as guilty as you ooh ooh ooh
Two little infidels a passionate relation
Using our expertise in sin ooh ooh ooh
The two of us just make the perfect combination
Heart to heart girl skin on skin ah yeah
This is my confession
My heart is split in two
The weakness of the flesh
Make us do the things we do
In the crime of passion
Im as guilty as you oh hey oh yeah
This is my confession
My heart is split in two
The weakness of the flesh
Make us do the things we do
In the crime of passion
Im as guilty as you yeah
Im as guilty as you ooh
