

# Pretty Maids, Hang Tough

Alone in the streets  
It's not easy to survive  
You gotta walk tall  
And carry your weight to stay alive

All night  
You have to fight to hold on  
You pay the price  
And sacrifice to hold on  
Hold tight

Hang tough  
Don't let them knock you down  
Don't ever stop  
Hang tough  
Don't let them push you around  
Stick by your guns  
And shoot for the heart  
Hang tough

Another tough night in the city  
It won't change  
You're breaking all the rules  
You say it's driving you insane

All night  
You have to fight to hold on  
You pay the price  
And sacrifice to hold on  
Hold tight

Hang tough  
Don't let them knock you down  
Don't ever stop  
Hang tough  
Don't let them push you around  
Stick by your guns  
And stand on your own  
Hang tough

(Chorus)
