Pretty Maids, Psycho-Time-Bomb-Planet-Earth

Purify my soul
Someone clear my eyes
Tell me if the grass looks greener
On the other side
1994
Rotten to the core
Power seeking parasites
Outside your door

Who'll offend you Bend you Condemn you Tell you how to run your life Steal away your prid

(Chorus:)
Throw your face into the dirt
Psycho-time-bomb-planet-earth
Mirror, mirror on the wall
Tell me if the sky is falling down

Hey you dogs of war
Defenders of the flag
Tell'em just to shove it up
And burn their body bags
Sex kill terror anarchy
Kiss the dirt taste the pain
Pass the panic to the population now

I see torture
Betrayal
And disorder
Mama let me out of here
Aint no place for me no!

(Chorus)

Going through the mud An endless flood A sea of blood Hatred and madness The demons seed is sown Beneath your feet Inside your head

(Chorus)

I can't stop this ship from sinking Lord I hear the bombs are thkking Mirror, Mirror on the wall Tell me if the sky is falling down
